

To Whom it May Concern,

As a United States Citizen and a taxpayer I would like to tell you that I support XM Satellite Radio which I pay for and I do not think it should be up to the National Association of Broadcasters to dictate what I am permitted to hear. I benefit from listening to its traffic and weather channels and I should be able to listen to whatever I want to. XM Satellite Radio provides quality radio that I cannot get elsewhere.

Please reject the NAB's petition 04-160!

Thank you,
Jodi Glasgow
